

# Advances in Paediatric Dialysis

## Day 1 Course Program

Thursday 4th February 2021

### HD study day

13:00 – 13.20	Fifty shades of vascular access	<i>'FC', Anon NHS Trust</i>
13.20 – 13.40	Hypertension – is it all fluid?	<i>Manish Sinha</i>
13.40 – 14.00	Infant hemodialysis	<i>Enrico Vidal</i>
14.00 – 14.20	Q&A session with all 3 speakers	

14.20 – 14.30 **Break**

### How I would manage:

14.30 – 14.45	Intradialytic hypotension	<i>Daljit Hothi</i>
14.45 – 15.00	Managing anticoagulation on HD	<i>Ami Cross</i>
15.00 – 15.15	Needling the difficult vascular access	<i>Lynsey Stronach</i>
15.15 – 15.30	Q&A session with all 3 speakers	

15.30 – 15.40 **Break**

### What's new in:

15.40 - 16:00	Uraemic toxins – what they do and how to clear them	<i>Evelien Snauwaert</i>
16:00 – 16.20	Hemodiafiltration in children	<i>Rukshana Shroff</i>
16.20 - 16.30	Q&A session	
16:30 – 16.35	Summary and close

# Advances in Paediatric Dialysis

## Day 2: Course Program

Friday 5th February 2021

**PD study day**

- |               |   |                        |
|---------------|---|------------------------|
| 13:00 – 13.20 | PD – an effective dialysis modality for children with AKI | <i>Peter Nourse</i>    |
| 13.20 – 13.40 | PD in infants   | <i>Eileen Brennan</i>  |
| 13.40 – 14.00 | Strategies to optimise fluid and solute removal           | <i>Michelle Blaauw</i> |
| 14.00 – 14.20 | Q&A session with all 3 speakers                           |                        |
| 14.20 – 14.30 | Break   |                        |

### How I would manage:

- |               |                                    |                         |
|---------------|------------------------------------|-------------------------|
| 14.30 – 14.45 | Non-infectious complications of PD | <i>Wesley Hayes</i>     |
| 14.45 – 15.00 | Nutrition in infants and children  | <i>Louise McAlister</i> |
| 15.00 – 15.15 | Facing the reality of dialysis     | <i>Dean Wallace</i>     |
| 15.15 – 15.30 | Q&A session with all 3 speakers    |                         |
| 15.30 – 15.40 | Break                              |                         |

### Old problems, new solutions?

- |               |                                       |                        |
|---------------|---------------------------------------|------------------------|
| 15.40 - 16:00 | Can PD fluids be truly biocompatible? | <i>Claus Schmitt</i>   |
| 16:00 – 16.20 | Adequacy in PD – more than a number?  | <i>Rukshana Shroff</i> |
| 16.20 - 16.30 | Q&A session                           |                        |
| 16:30 – 16.35 | Summary and close                     |                        |
