

GOSH Summer School 2021 Creative Essay Writing Competition!

On behalf of GOSH Learning Academy, PGME would like to invite you to enter our '[Creative Writing Essay Competition](#)' as part of our virtual GOSH Summer School educational event!

This is a new opportunity for medical students and early career trainees, with an interest in Paediatrics to explore an idea or concept of interest, in a way that is beyond the normal scope of the medical training curricula.

The writing competition provides participants with an opportunity to think constructively and creatively about their own experiences and developments within the field, from a first-hand perspective. We encourage participants to share educational experiences in a positive way with opportunities for extended learning, and the fostering of new contacts.

The competition is open to all GOSH Summer School 2021 attendees. All essays are welcomed as long as they meet the criteria for submission below.

A prize will be awarded to the competition winner on the final day of GOSH Summer School

Criteria for Submission

- The essay must be a minimum of 500 words and maximum of 1500 words in length, excluding references.
- References should be formatted in Vancouver Style.
- The style should be reflective and related to a subject that is pertinent to paediatrics.
- Credit will be awarded for structure, presentation, style, originality and relevance to the subject.
- Entries should be submitted via our [Submission Page](#) by no later than **Sunday 6th June 2021 at 23:59. Submissions after this date will not be accepted.**
