

ADVANCES IN PAEDIATRIC DIALYSIS

Thursday 4 February 2027 - Host: Rukshana Shroff

Day 1

12:00 - 12:05	Welcome and introduction	Rukshana Shroff
12:05 - 13:30	Multiprofessional team management of the child on dialysis - Rukshana Shroff & Jessica Geer	
We discuss the journey of a child from CKD stage 5 to PD, switch to urgent start HD, and the management and complications encountered at different stages. A mutiprofessional team approach with dialysis nurses, dietitians, pharmacists, psychologists and surgeons will discuss complex aspects of management in an MDT approach to provide the best possible holistic care for the child.		
13:30 - 13:45	Break	
13:45 - 14:45	Technical aspects of dialysis	
13:45 - 14:05	Innovations to improve dialysis equipment for children	Bruno Ranchin
14:05 - 14:25	Life-threatening intra-dialytic complications	Kate Walker
14:25 - 14:45	Incremental PD and HD programs	Rishil Patel
14:45 - 15:00	Break	
15:00 - 16:00	Improving outcomes in patients on dialysis	
15:00 - 15:20	PROMS & PREMS to improve care	Natasha Baugh & Zainab Arslan
15:20 - 15:40	Effective transition programs	Arvind Nagra
15:40 - 15:55	Round table discussion	Panel
15:55 - 16:00	Summary and close	Rukshana Shroff
